DETAILED ACTION

The amendment filed May 8, 2006 amending the specification to correct typographical error, amending claims 9, 12, 14, 16, 17, 40, 43, 44, 49 and 58 has been entered.

Claims 9, 12-14, 16-18, 40-45, 49, 50 and 58 are pending. Claims 9, 12 and 58 have been previously withdrawn.

Election/Restrictions

Claims 13, 14, 16 and 17 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(b), claim 9 and claim 58, directed to the process of making or using the allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104. Claim 12, directed to the invention(s) of Groups II and III does not require all the limitations of an allowable product claim, and has NOT been rejoined.

Because a claimed invention previously withdrawn from consideration under 37 CFR 1.142 has been rejoined, **the restriction requirement of groups I, IV and V as set forth in the Office action mailed on August 1, 2005 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory

double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Drawings

The drawings were received on June 1, 2006. These drawings are acceptable.
